, HEREBY MAKE APPLICATION TO THE RIVERSOUTH RURAL WATER DISTRICT FOR CUSTOMER STATUS

AND FOR WATER SERVICE AT THE FOLLOWING LOCATION:

#### (SERVICE ADDRESS)

This agreement is for members who will actually use the water when it is available and does not include "dry taps". In consideration of RiverSouth Rural Water District (RSRW) undertaking the financing and construction of a water system, I agree to the following:

1. To install and maintain at my expense the necessary service line to allow the property described above, which I own or is occupied by me, to be connected with the water system at the property line in accordance with Arkansas plumbing code.

2. To begin using the water immediately after being notified by RSRW that service is available, or to pay the minimum water bill each month for a period of 60 months or until I connect to the system. Failure to pay the minimum monthly bill until connection is made by me will result in a "disconnect" at the end of 3 months or any month thereafter in which the minimum bill is not paid. In case a "disconnect" is declared by the water district, all deposits and payments made will be forfeited. A new connection fee as required by RSRW will be charged when service is again requested.

3. To use the water in accordance with rules and regulations as established by RSRW and to promptly pay for the water at the applicable schedule of rates.

4. To pay a non-refundable connection fee of \$\_\_\_\_\_\_ to be charged to applicants subscribing for water. The connection fee shall become nonrefundable at the time the first advertisement of construction bids are placed, thereafter the RSRW applicable connection fees will be in effect. A meter deposit, service charge, and applicable plumbing inspection fees shall be paid prior to the setting of the meter for water service, being refundable in accordance with rules and regulations of RSRW.

5. The undersigned, if legal owner of real estate, agrees that he/she/they will grant RSRW an easement for the water lines over, under, or across any real property bounding the planned service lines of the water district.

It is further understood, if for any reason RSRW is unable to provide me with the service anticipated by this application, a pro-rata share, after expenses, of my connection fee shall be refunded to me. This does not include any subsequent fees (service charge, plumbing inspections, etc.)
